

FRD Center Market Entry Services & M&A boutique

FRD Center - www.frdcenter.ro – is a privately owned market entry and M&A consulting firm based in Bucharest, Romania.

FRD Center provides, since 2000, customised market entry services, including M&A advisory and research, for foreign companies interested to invest in Romania and the regional markets in CE and SE Europe.

To Romanian companies interested in raising equity or selling a majority or entire package of shares, FRD Center offers services of project promotion to foreign Strategic Buyers and PE Funds with a view to identifying relevant potential buyers/investors, as well as consultancy and support services throughout the M&A process.

Clients portfolio for M&A advisory include organisations and companies from: Austria, Canada, Denmark, Germany, Ireland, India, Israel, Norway, Poland, UK, USA, South Africa, Spain, Switzerland etc. as well as Romanian companies from sectors such as publishing, food products import-distribution, industrial manufacturing, white goods import-distribution, veterinary medicines production-import-distribution, printing, plastics, IT&C etc.

FRD Center is a member of the British Business Group in Bucharest, of the Global Consulting Network-GCN, of the Emery International Network, of the M&A Worldwide network, of the Eurolink Partners group and the correspondent of the Global Intelligence Alliance (GIA) for Romania.

The Solution:

FRD Center provided extensive advisory services, market research services, identification and profiling of targets, direct liaison and negotiations with local players, assistance with the business itineraries, negotiations and local representation in-between the Client visits. FRD Center's services also included consultancy and Client representation during the due diligence phase. The process resulted in contracts being signed by the Client with several Targets.

Examples of M&A advisory and support projects (2009 - 2010)

2009 - 2010

The Challenge:

The Client is a Romanian manufacturer of industrial polyethylene-based products. The owners of the company are interested in selling 100% shares to a strategic buyer or to a PE fund.

The Solution:

FRD Center assisted the owners with the valuation of the company, gathered the relevant info from the company and designed the teasers and the Investment Memo, promoted the Project to PE Funds and to strategic investors, directly and through its networks of partners. As a result a process of data gathering and negotiations began with a British potential Strategic Buyer.

2009 - 2010

The Challenge:

The Client is a Romanian manufacturer of animal pharmaceuticals and care products. The owners of the company are interested in selling 80-100% shares to a strategic buyer or to a PE fund.

The Solution:

FRD Center assisted the owners with the valuation of the company, gathered the relevant info from the company and designed the teasers and the Investment Memo, promoted the Project to PE Funds and strategic investors directly, and through its networks of partners. As a result a process of data gathering and negotiations began with an Israeli potential Strategic Buyer.

Examples of M&A advisory and support projects (2010)

2010

The Challenge:

The Client is one of the top Romanian importer - distributors of food products. The owners of the company are interested in selling 80% shares to a Strategic Buyer or to a PE fund.

The Solution:

FRD Center gathered the relevant info from the Company and designed the teasers and the Investment Memo, promoted the Project to PE Funds and to strategic investors, directly and through its networks of partners. As a result discussions took place with a PE fund and with a potential Strategic Buyer from Austria that eventually declined interest. Later, FRD Center identified new potential buyers and a process of data gathering and negotiations began with another Austrian potential Strategic Buyer.

2010

The Challenge:

The Client is one of the top Romanian publishers of educational and general books. The owners of the Company are interested in selling 100% shares to a Strategic Buyer or to a PE fund.

The Solution:

FRD Center assisted the owners with the valuation of the company, gathered the relevant info from the Company and designed the teasers and the Investment Memo, promoted the Project to PE Funds and to strategic investors, directly and through its networks of partners. As a result discussions took place with a PE fund that eventually declined interest. Later, FRD Center identified some 280 new potential buyers and a process of data gathering and negotiation began with three potential Strategic Buyers from Austria, Germany and USA.

Examples of M&A advisory and support projects (2011)

2011

The Challenge:

The Client is a major strategic advisory firm operating at global level. They are exploring market opportunities in Romania on behalf of one of their clients: a corporation active in the debt-recovery sector looking to enter the Romanian market through the acquisition of a local player.

The Solution:

FRD Center provided strategic market research services, interviews with KOLs and 1-2-1 interviews with sector representatives which resulted in a niche market report and sector insights.

Additionally, FRD Center realized detailed profiles of the companies active in this market in Romania and their competitive analysis.

2011

The Challenge:

The Client is a Romanian, fast-growing, profitable Call Center with 150 working seats and up to 400 employees working for large multinational and global companies from sectors such as banking, telecom, IT and automotive, mainly in Romanian, English, Spanish and German. The owners are interested in selling up to 100% shares to a Strategic or Financial Investor.

The Solution:

FRD Center has performed an extensive international search for Buyers that resulted into a visit to the Company by one of the largest international telecom players – a USD 20 billion company – that, at a later stage, declined interest. FRD Center has then resumed the search for Buyers and one Dutch player expressed interest into the Company.

Examples of M&A advisory and support projects (2012)

2012

The Challenge:

The Client is a regional strategy and market research consultancy. On behalf of a multinational client operating in the metal scrap collection sector interested to set up operations or acquire a local firm, they have commissioned FRD Center to research the current situation of the market opportunities in Romania.

The Solution:

FRD Center provided comprehensive market research services which resulted in market conditions analysis, competitive analysis and detailed profiles of the local domestic and international players present on this market.

2012

The Challenge:

The Client is a Romanian owned, joint-stock, award-winning company whose core business is R&D&M - research, technological development and innovation in physics as well as manufacturing of advanced electronic and optoelectronic devices for civil and special applications (including military). The owners are interested in selling some 80% shares to a Strategic Buyer that can also perform an equity investment, for development, into the Company.

The Solution:

FRD Center has performed an extensive international search for Buyers from this niche industry. Over 550 targets were listed and approached. As a result, discussions started with several players. One German player has visited the Company and a pre-due diligence process was performed.

Examples of M&A advisory and support projects (2013)

2013

The Challenge:

The Client is an Italian BPO and Contact Center firm with operations in Italy, Romania, Turkey, Czech Republic and Argentina. Considering the opportunities for BPO services in the region, the Client hired FRD Center to carry out a comprehensive market research and competitors analysis in Romania in the view of its business development and strategy for expansion.

The Solution:

FRD Center conducted an in-depth market analysis, researching current market conditions and demand for BPO services, situation and dynamics of the selected market players, their offers, market shares and strategy for growth, local available resources, salaries and also potential for medium term growth. The results of the analysis were presented by the FRD Center senior team to the M&A Director and the Business Development Director in the Client-company.

2013

The Challenge:

The Client is a Romanian owned manufacturer of food supplements and natural pharma products. The owners of the company are looking to sell the company.

The Solution:

FRD Center has performed an extensive search for Buyers from this industry. Discussions started with a group of investors and FRD Center assisted the Client throughout the M&A process, resulting into the Company changing the ownership structure.

Examples of M&A advisory and support projects (2014)

2014

The Challenge:
